

Orbiter 12500009

ORECK®

The Oreck Orbiter floor machine is versatile enough to do it all. It strips, waxes, buffs, sands and refinishes any hard surface floor whether it be marble, vinyl or wood. Also works as a carpet cleaning machine, loosening embedded soil in the carpet for vacuuming. Vacuum up the dirt, and you can walk on your dry-cleaned carpets immediately. Oscillating motor reaches all areas. The revolutionary oscillating motion makes it the easiest commercial floor machine to use.
